

August 14, 2020

Dear Friends:

We hope this finds you well. Life in rural Colorado has not changed much during this wacky time in our great nation's history.

We have been dry this summer, Sedgwick county is in better shape than Elbert county.

We have a great new set of calves on the ground.

The sale bulls are uniform though a bit light; they will be in top shape for the sale. We chose an excellent set of yearling keep bulls which have been turned out with their yearling heifer mates.

We look forward to seeing many of you in September. If you are not able to make the sale, we are ready to help you in your selection and purchase. Give us a call.

If you are planning on coming out, please RSVP to dalelasaterranch@yahoo.com.

A select group of Pairs, breds, and open cows are available NOW on a first come basis.

We offer free delivery to central locations on any purchase of five bulls or more. All of you will receive a \$500 discount to apply to any bull purchase of \$5000 or more.

Best Regards,
